

Rana Coffee Beans

Helps you to Kick-Start your day

Project Overview

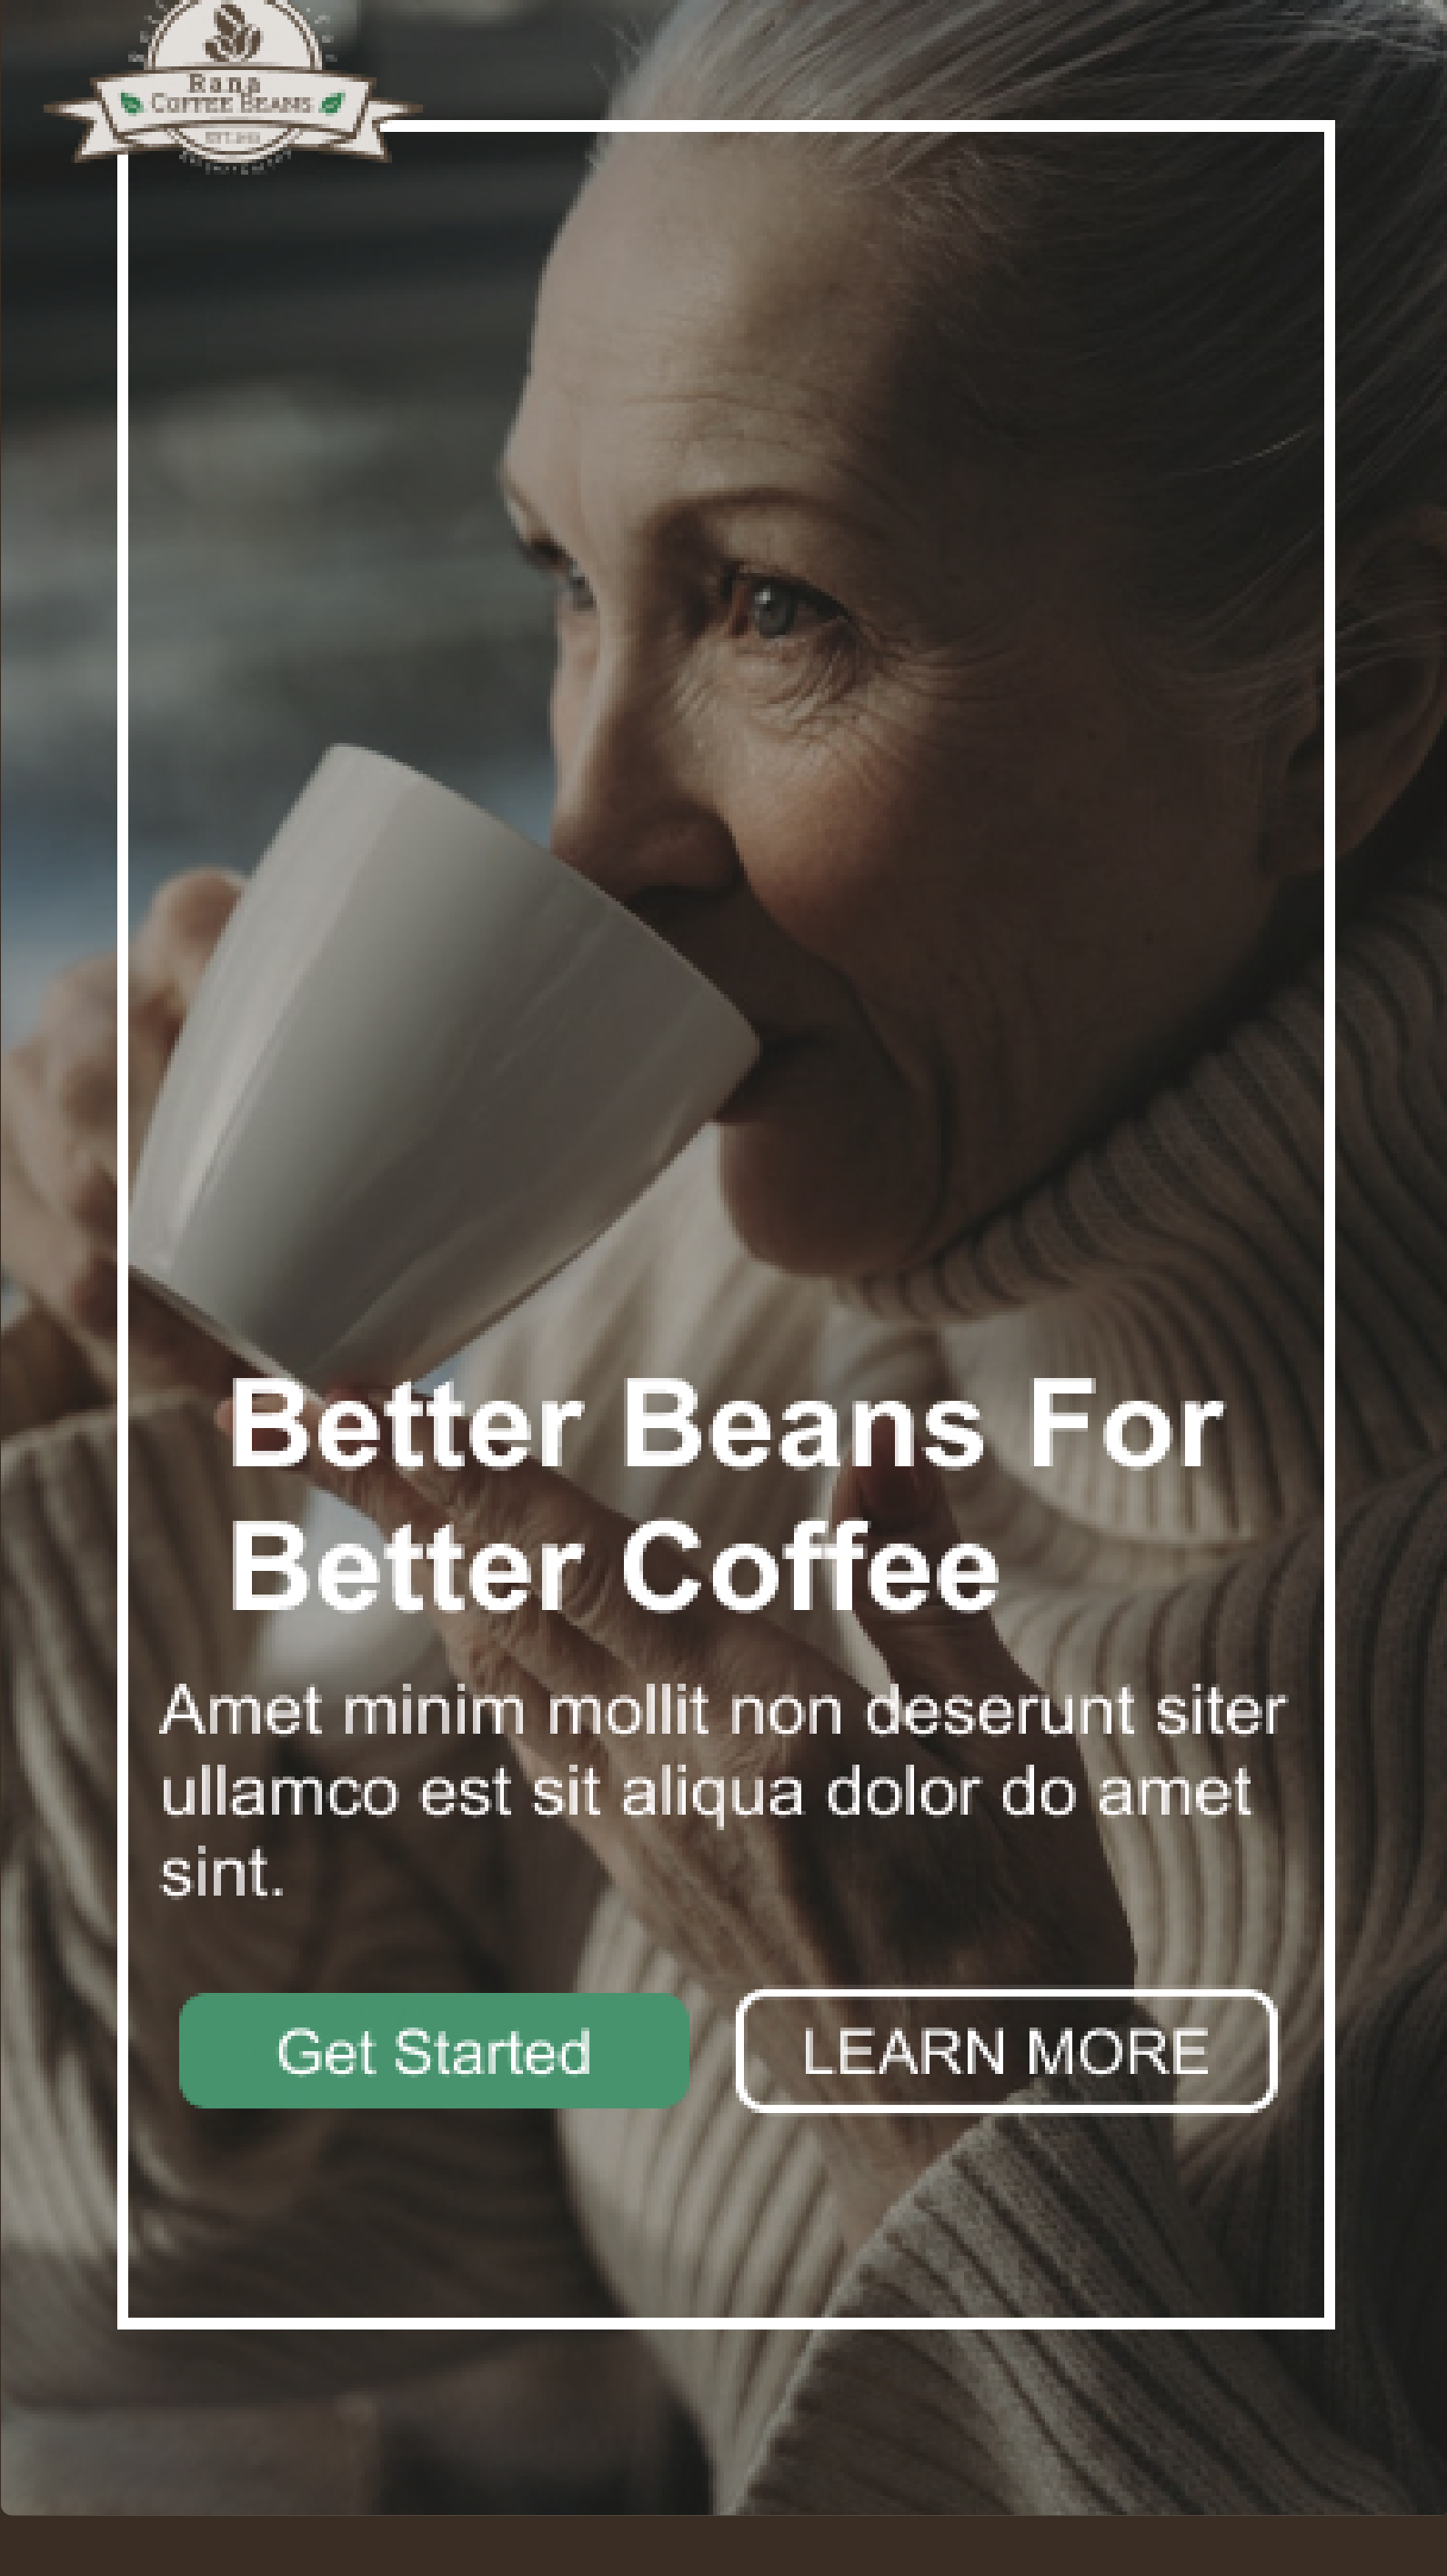

Rana Coffee Beans app is fictitious app that i created while doing an Online Figma course on Udemy.

Everyone loves to start their day with a cup of Coffee but finding the perfect Coffee Beans for your Coffee can sometimes be challenging, especially for the old people. This App is for those people who couldn't find their perfect Coffee Beans in their local shop and would love to have an easy access to buy it online.

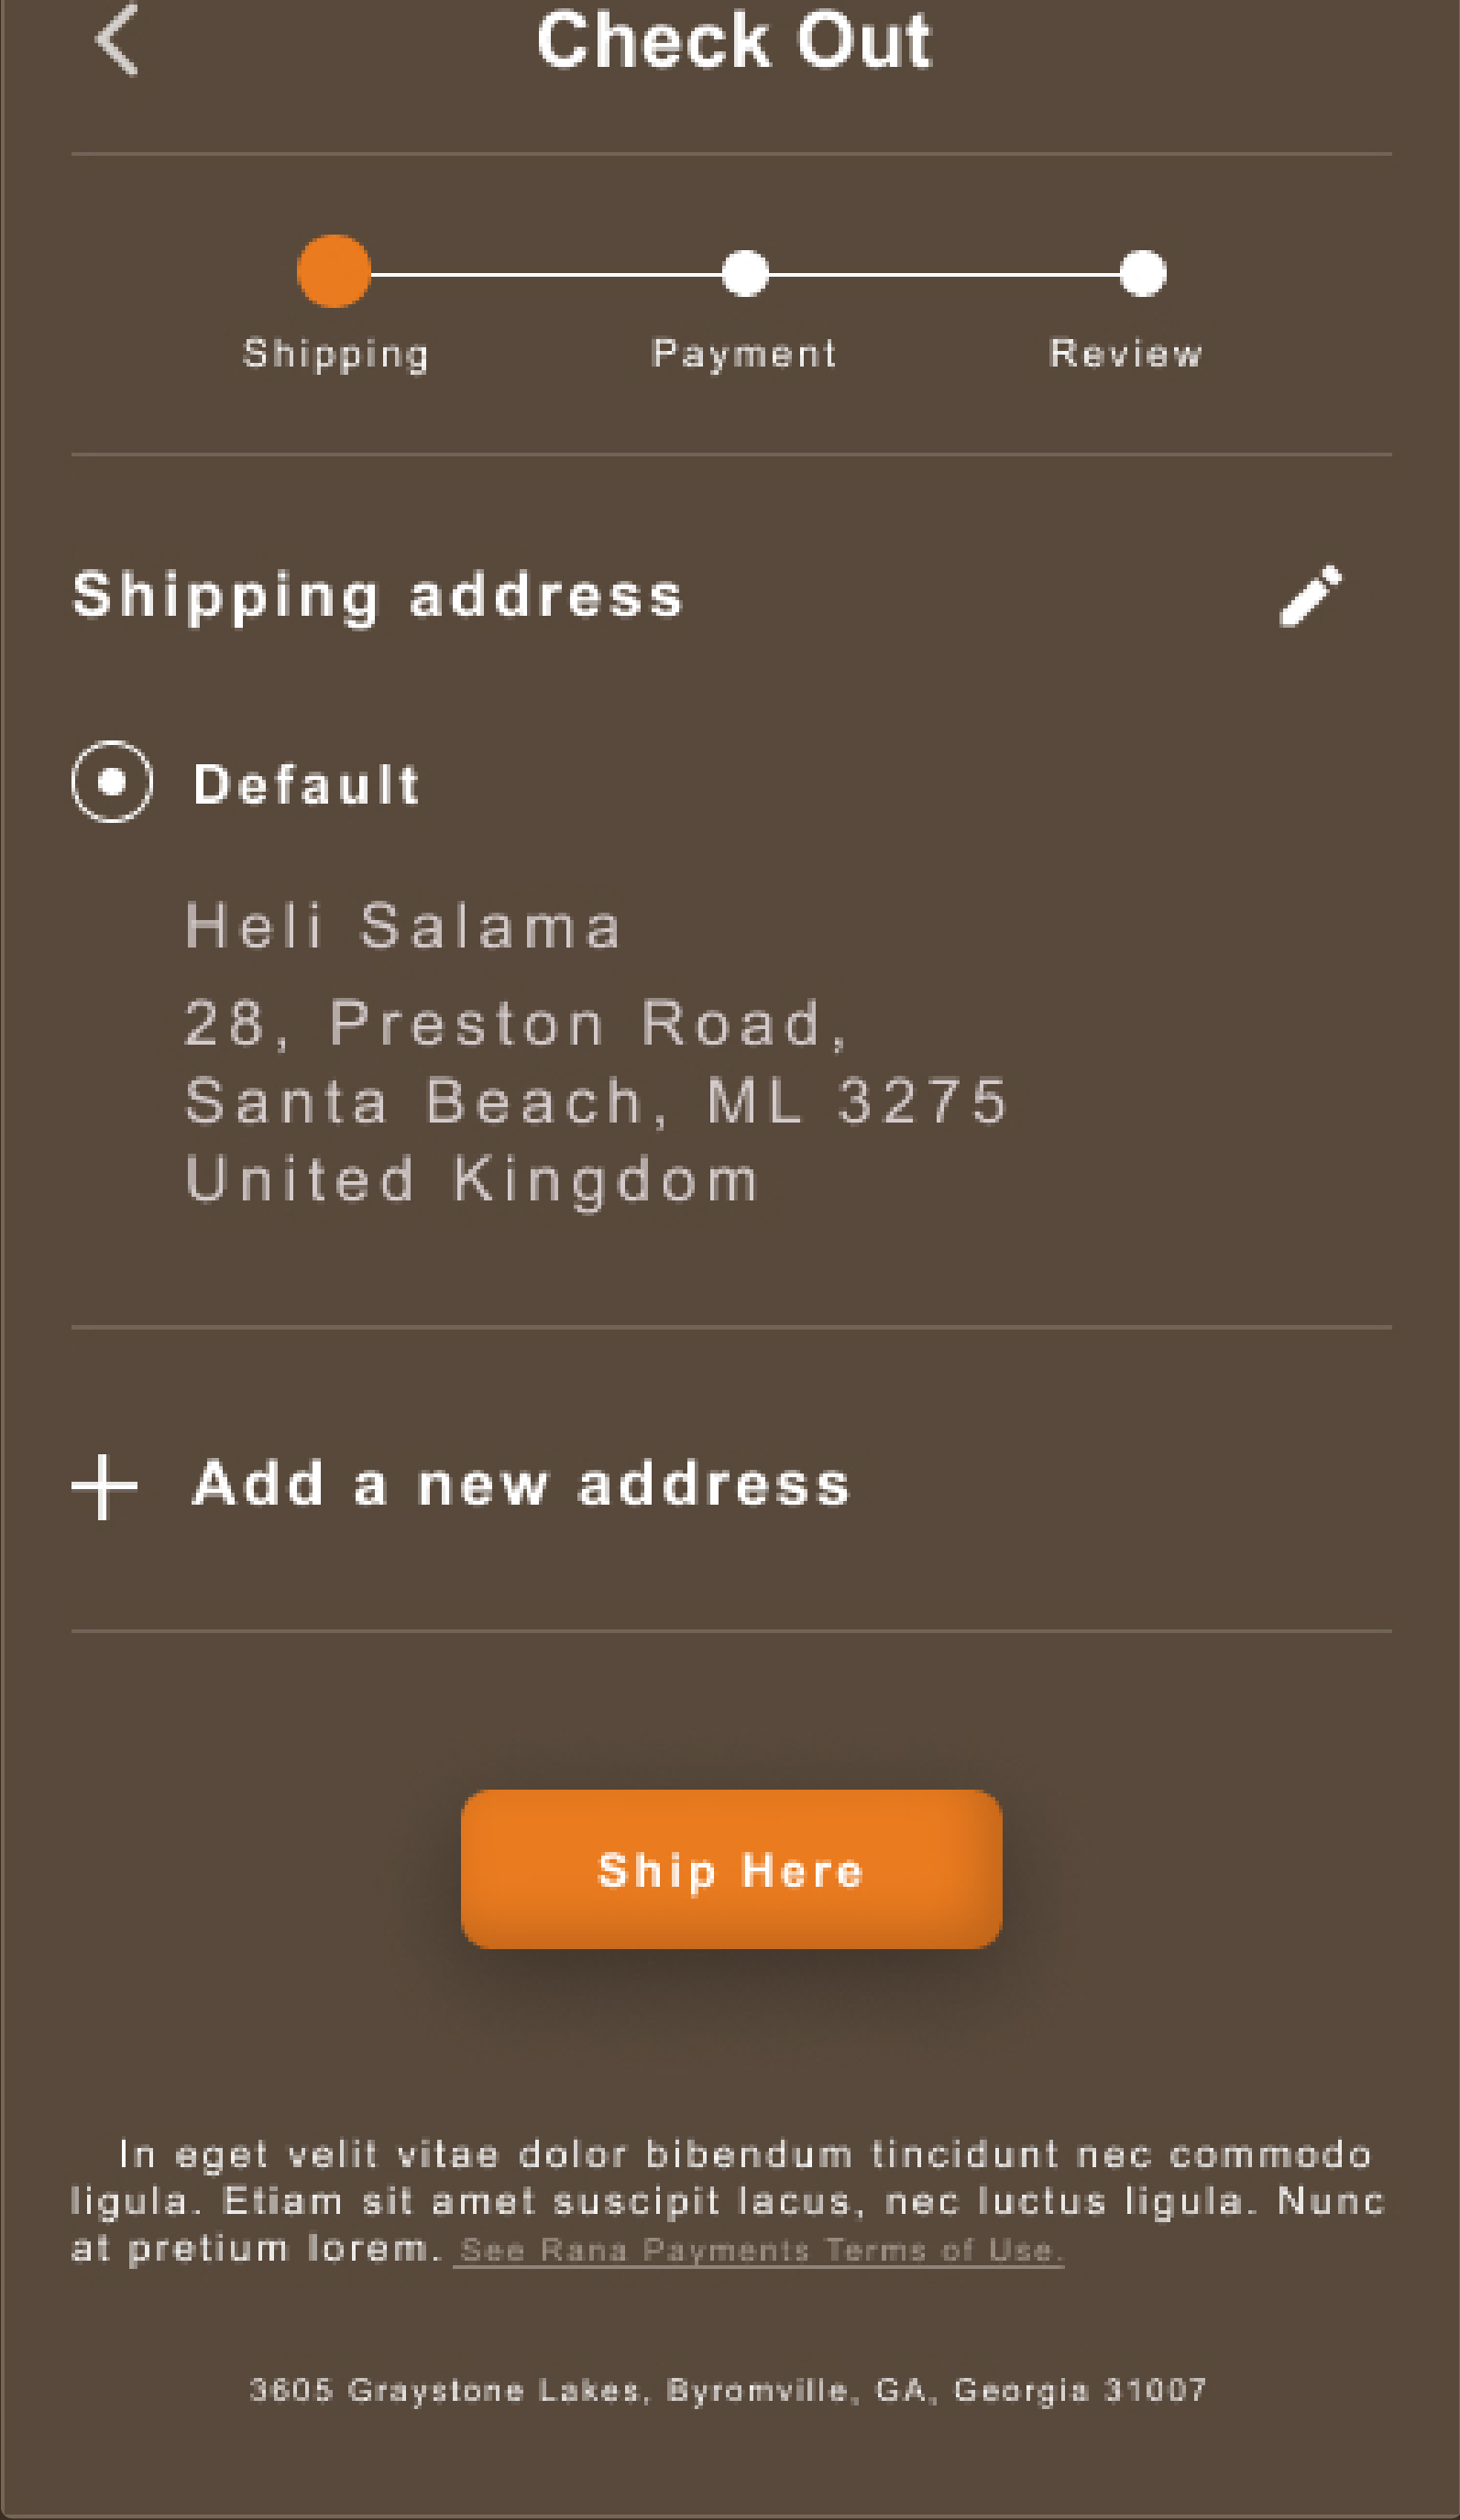

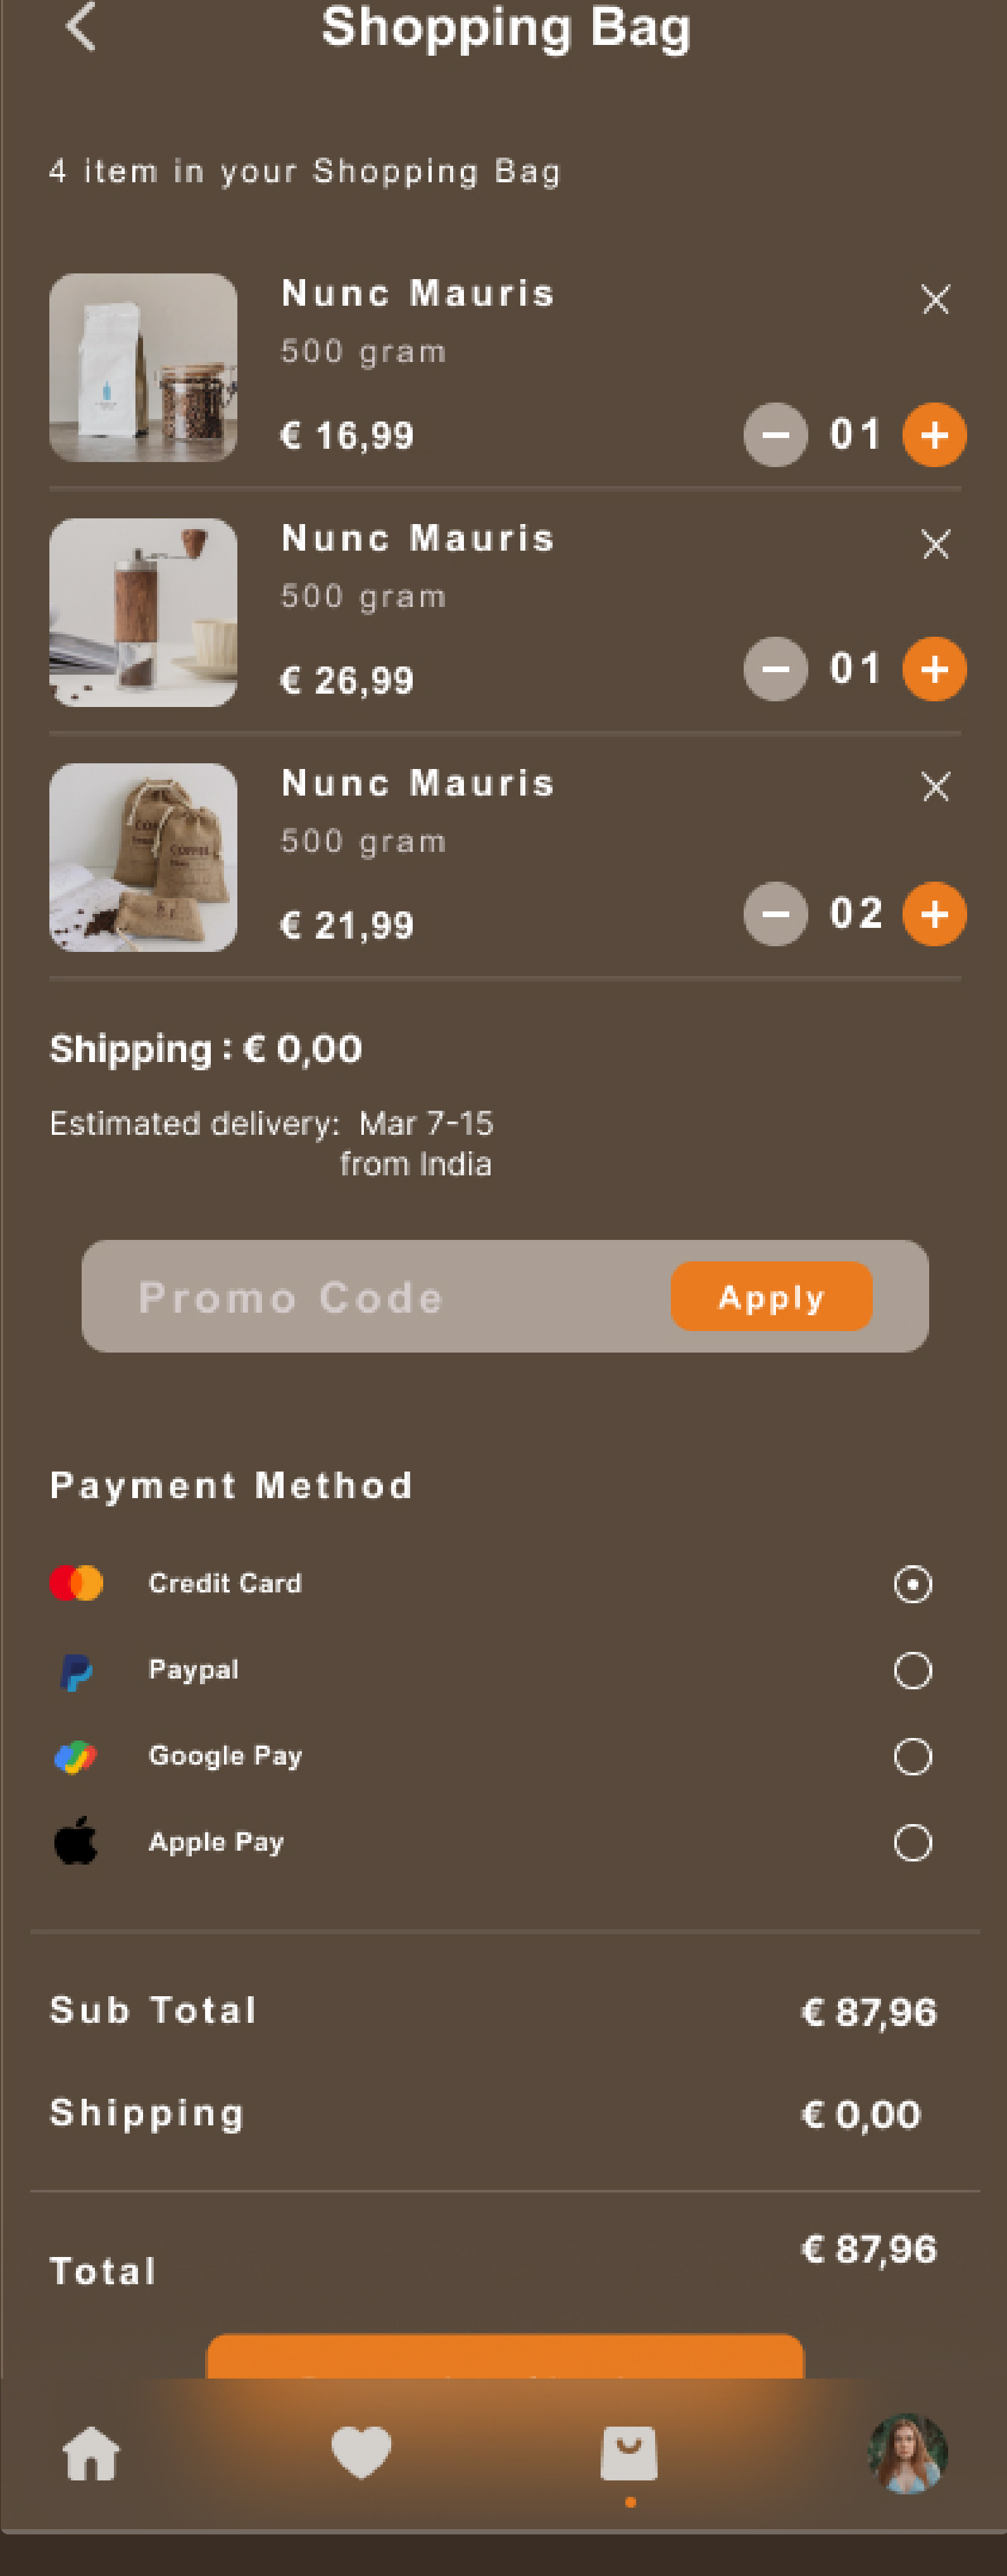

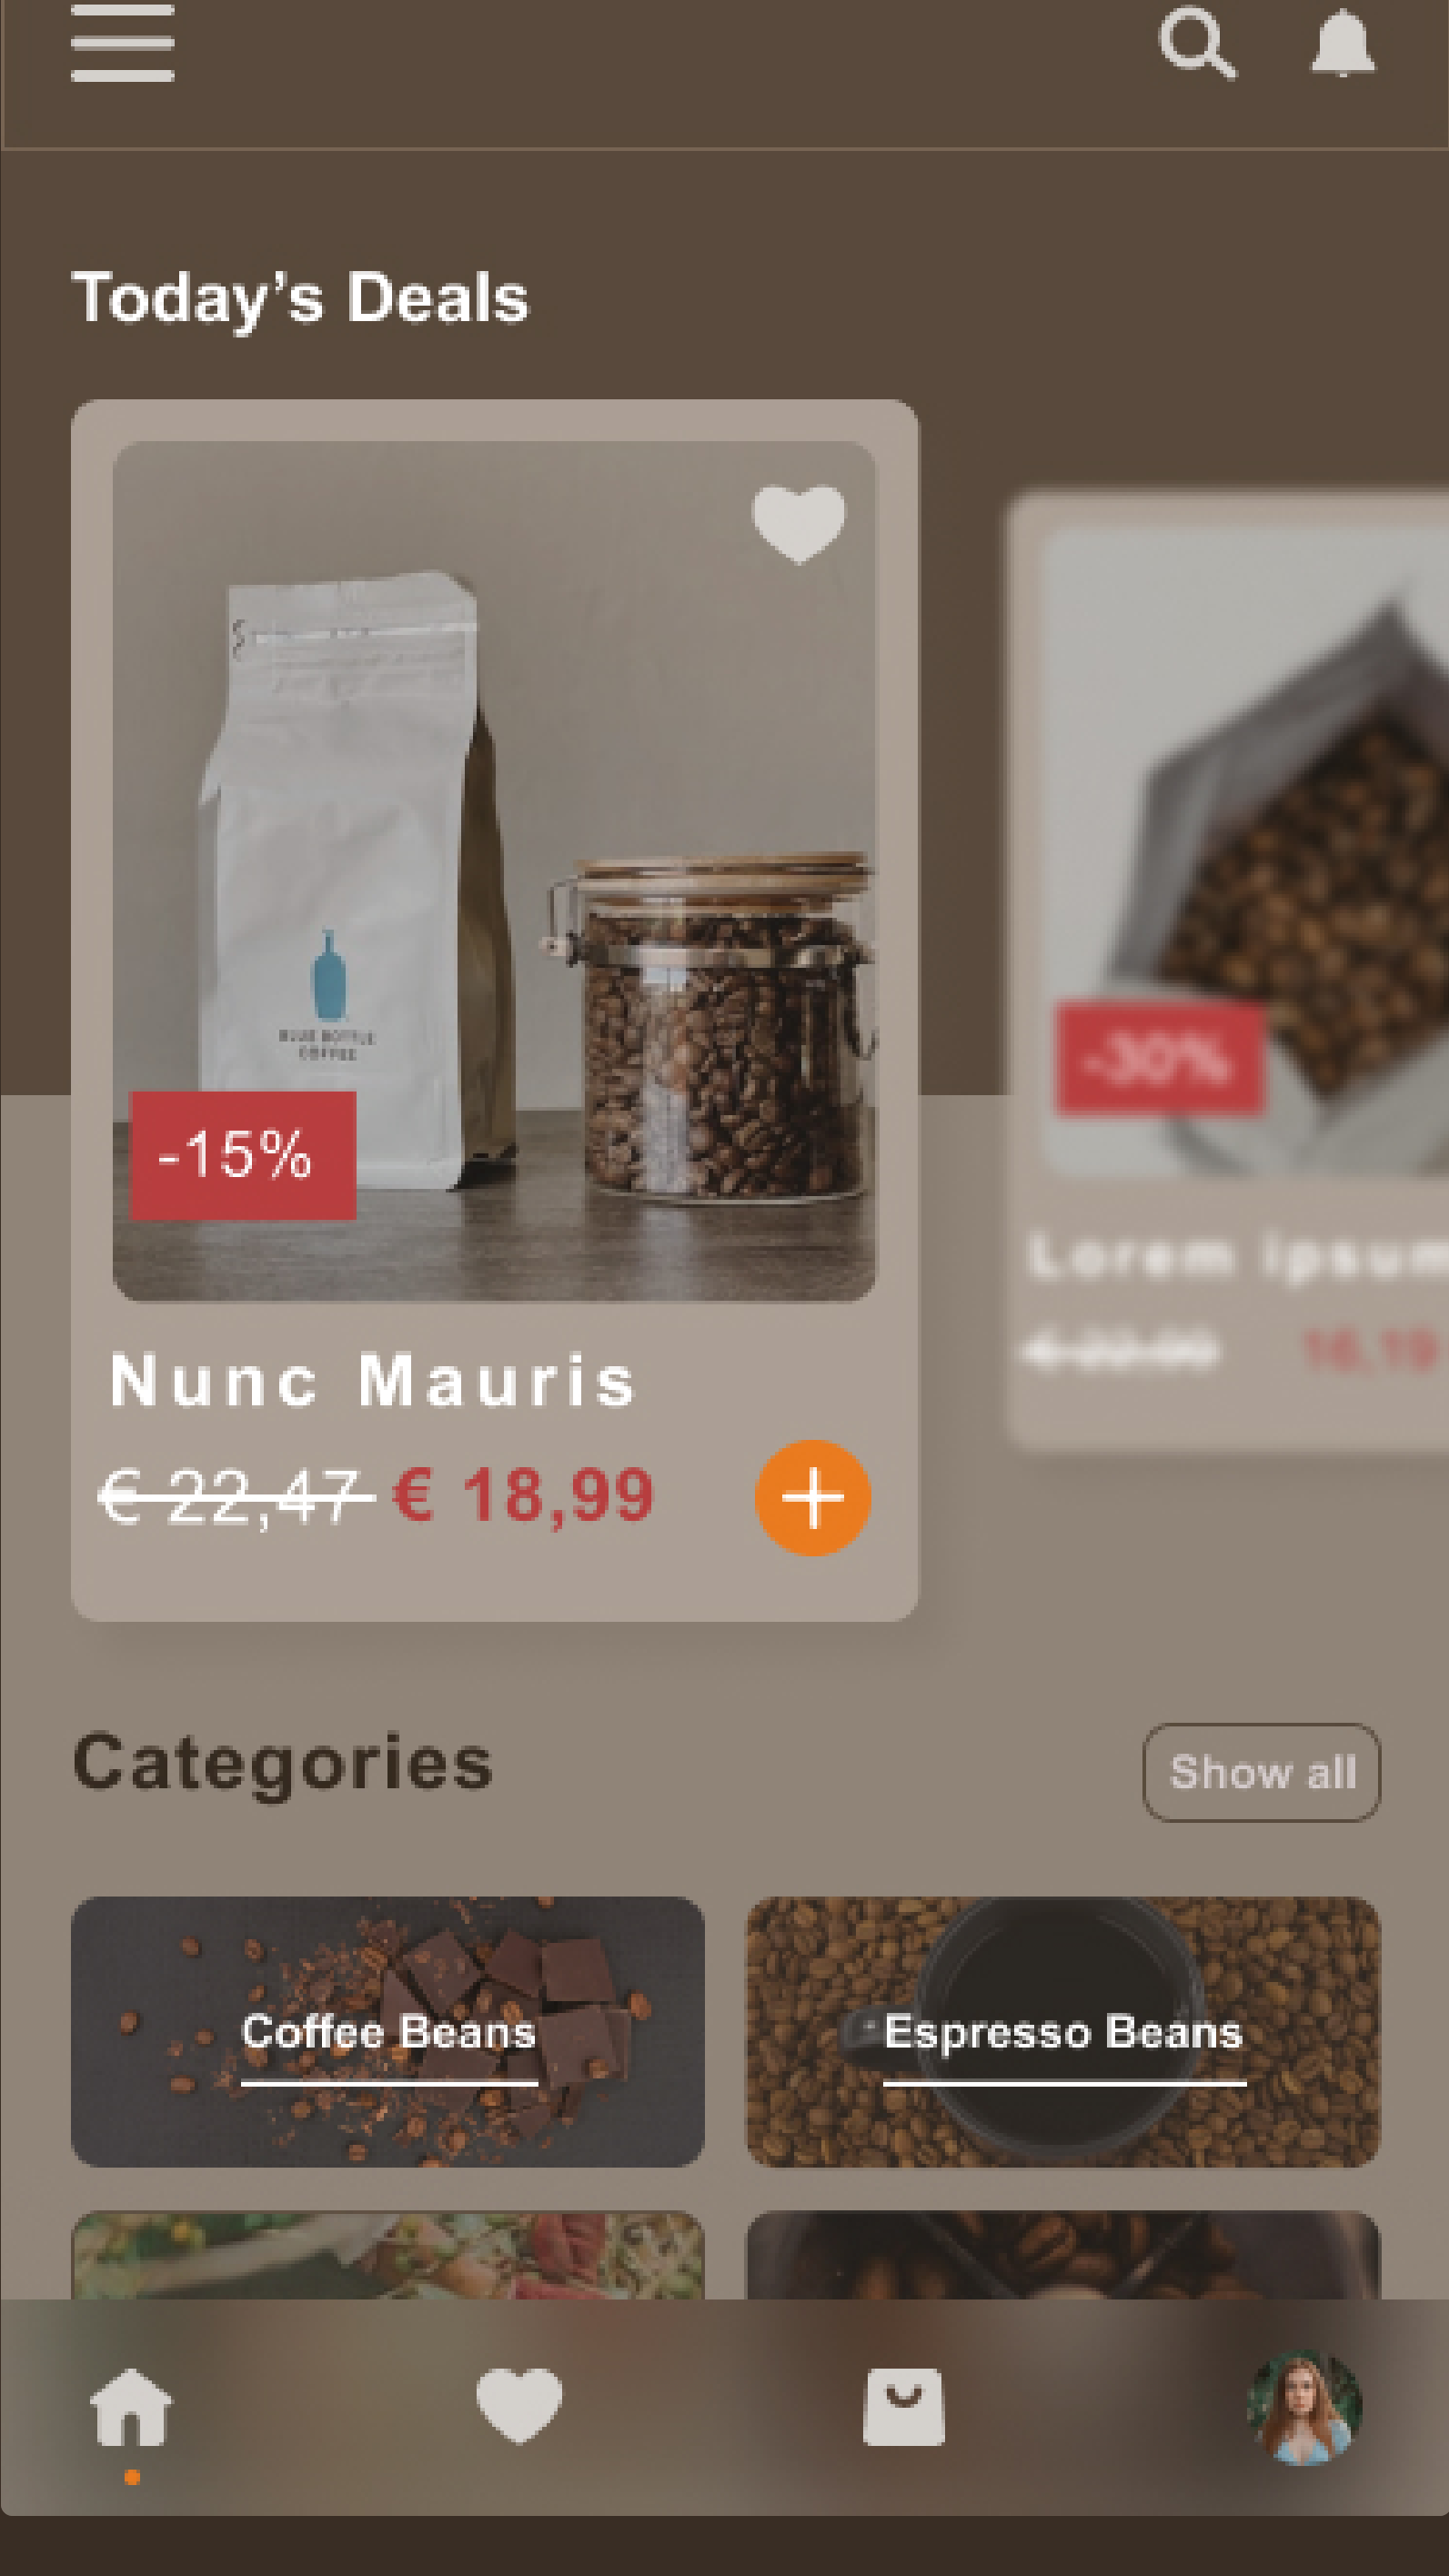

This App is designed to help user find their perfect Coffee Beans without getting lost and overwhelmed. It is easy to navigate and you can buy your Coffee Beans in just fewer clicks.
